SteelSound 4H
Professional Gaming Headset

(steel series) professional gaming gear

Product information

Product description

SteelSound 4H is a simplified version of the award-winning SteelSound 5H v2 headset. SteelSound 4h features 40mm drivers to deliver clear in-game sounds and an optimized uni-directional microphone for in-game chats and VoIP. SteelSound 4H also features large full-size ear cushions that gently fit around the ears and reduce background noise, while providing maximum wearing comfort.

SteelSound 4H also features a pull-out microphone system. The retractable microphone is practically invisible when not in use. The microphone cord is covered in high quality transparent plastic to ensure long-lasting durability.

* Lightweight gaming headset with XL-sized earcushions
* Developed in cooperation with professional gamers
* Retractable uni-directional microphone system
* Volume control, featuring 3 microphone settings
* Full-size earcups for maximum individual comfort
* Strong and deep resonating in-game sound projection
* 40mm SteelSound SunDancer(Sd) Units
